Cool fun all summer.

Why try and cram a whole summer of fun into one or two short weeks? A new Aquarian **NUANCE** pool makes your summer fun last all summer. Afternoons for the kids. Cool and relaxing after a long day of work. Pool parties and barbecues with friends on the weekends. It's like one endless summer of cool fun for the whole family.

Lasting style and value for your backyard.

A **NUANCE** pool brings unique style and beauty to your yard, in design-inspired Tetras walls. Color co-ordinated Khaki posts and top ledges add a graceful touch. This look compliments any backyard and any taste. And this new Aquarian **NUANCE** pool looks beautiful year after year, while it adds value to your lifestyle.

Durable Aquarian pools last summer after summer.

Our **NUANCE** pool stands up to whatever kids can dish out, while it handles any weather with ease. Our extruded 7" resin ledge resists weather, water and wear. Durable 6" upright posts with unique interlocking resin caps, and resin foot collars give the whole package strength, support and style. Galvanized steel frame components have polyester finish and liquid vinyl coating to provide years of lasting beauty and quality. Heavy-duty tracks, oversized connectors and oversized fasteners add strength for a pool that will last for summers to come.

A Nuance oval pool brings the ultimate in style to your yard, with a fun, flexible shape. Added engineering means long life, easy care and more useable yard space. Available with traditional angle bracing or a space-saving no brace system (NBS).

Years of easy maintenance.

Your **NUANCE** pool installs easily. Ledges, caps and posts fit snug and secure. Skimmer and return outlets come pre-punched. And your Aquarian **NUANCE** pool professional will make sure your pool package stays easy to clean and maintain, year after year.

Ledge, cap and post designed for a secure fit
